Book Description

Don Quixote, fully titled "The Ingenious Nobleman Mister Quixote of La Mancha" (Spanish: El Ingenioso Hidalgo Don Quijote de la Mancha), is a Spanish novel by Miguel de Cervantes Saavedra. Published in 1605, Don Quixote is considered the most influential work of literature from the Spanish Golden Age and the entire Spanish literary canon. As a founding work of modern Western literature and one of the earliest canonical novels, it regularly appears high on lists of the greatest works of fiction ever published and is often cited as the "best literary work ever written". The story follows the adventures of a noble named Alonso Quixano who reads so many chivalric romances that he loses his sanity and decides to set out to revive chivalry, undo wrongs, and bring justice to the world, under the name Don Quixote de la Mancha. He recruits a simple farmer, Sancho Panza, as his squire, who often employs a unique, earthy wit in dealing with Don Quixote's rhetorical orations on antiquated knighthood. This particular edition is retold by Judge Parry and illustrated by Walter Crane. It was published in 1919.
